Supplementary List of New Bulbs, Etc.

Not included in my General Catalogue.

Terms and Conditions as per my General Catalogue, the
"World's Best Bulbs."

- AGAPANTHUS, GIANT WHITE—Raised by Luther Burbank; has immense heads of pure White flowers. A superior variety. 2/- ea.
- ALSTROEMERIA PSITTACINA (The Parrot Flower)—A hardy, free-flowering variety, Deep Red, with Green markings. Moist soil, semi-shade suits this best. 1/- each; 10/- doz.
- ANEMONE ST. BRIGIDS—THE ADMIRAL, fine Violet variety; and LORD LIEUTENANT, Blue and Dark Blue variety. Both fine sorts of St. Brigids 4d. each; 3/6 doz.
- ALSTROEMERIA LUTEA—A tall-growing variety; hardy, opening Pale Yellow, deepening to Orange. Fine cut flower. . . . 1/6 each
- BELLADONNA VARIABILIS (Table Mountain Lily) — Open almost White, deepens to Ruby Pink; hardy variety .. 6d. each
- BRODEA COCCINEA ("Floral Firecracker")—Flowers in clusters, Deep Red, with Green edge, resembling a bunch of Chinese fire crackers; a fine novelty and garden subject. .. 1/6 each; 15/- doz.
- BRODEA PEDUNCULARIS—A large spreading White variety. 6d. each
- BRUNSVIGIA GIGANTEA—Fine large 6 to 8 lb. weight bulbs; well established 10 and 12 years old bulbs. Flowers Deep Red. £3/3/- each
- BRUNSVIGIA HATHOR—A fine hybrid of exceptional merit. White. Rare bulb 15/- each
- BRUNSVIGIA HARBORD—A pure White flower; very fine. 10/6 each
- BRUNSVIGIA ORVIETO—A deep shade of Pink; fine colour. 3/6 each
- BUPHANE GIGANTEA—A South African bulb, with Dark Red flowers; in habit between a Nerine and Brunsvigia, with peculiar wavy leaves. An interesting garden subject 3/6 each
- BUPHANE CILIARIS—A Pale Red flower, with wavy, erect leaves 3/6 each
- COLOCASIA MULTIFOLIA (Japanese Water Taro)—An Arum grown for foliage effect; very fine, boat-shaped leaves .. 1/6 each
- CRINUM PACIFICUM — New, hardy, White flowering, dwarf variety; useful pots or as a border subject. 2/- each
- CYCLAMEN NEAPOLITANEUM—A new hardy variety, suitable for potting or shady aspect; flowers, Rosy Pink; foliage, silver marbled; sweet scented 2/- each

- CYRTHANTHUS OBLIQUUS—Rare South African bulb; flowers in clusters of Yellow and Red; hardy 7/6 each
- DAFFODIL ARD RIGH ("Yellow King") — Very early, self-Yellow, full trumpet variety, free bloomer .. 3d. each; 2/6 doz.
- DAFFODIL BULBICODIUM WHITE—A limited stock of this rare variety 1/3 each
- DUTCH IRIS, HIS MAJESTY—A very fine variety of these bulbous Irises. Tall growing, free flowering. Dark Blue and Gold variety. Giant Bulbs. 9d. each; 8/- doz.
- GERANEUM TUBEROSUM — A dainty low-growing tuberous-rooted plant, with Rose Pink flowers; fine pot plant .. 9d. each
- IXIA MARVELLOUS—Deep Yellow, exterior Orange, Violet eye; a fine showy variety 3/6 dozen
- MUSCARI CARNEUM—New Pale Pink variety of Dotryoides; rare. 1/- each
- MUSCARI COSMOSUM ("Tassell Hyacinth") — Purple Blue, with tassell top; rare variety 4d. each; 3/6 doz.
- NARCISSUS BIFLORUS—Late, White, Lemon eye, twin flowered; fine cut flower 1/6 doz.
- NARCISSUS, TRIANDROUS ("Angel's Tears")—Pretty White, drooping variety very rare; dwarf habit 8/- doz.
- NERINE CORUSCA MAJOR—A new variety, just released for distribution. A hardy, strong-growing sort; a deeper scarlet than the type, with larger heads. A grow-anywhere variety. 1/6 each, or 4 for 5/-
- ODORUS MAXIMUS—New Golden Yellow true Jonquil; a Giant variety. Double the size of the ordinary Campernelle. 6d. each; 5/- doz.
- POLIA PRATENSIS—A Blue flowering Tigridia-like Bulb; rather rare. Fine, big bulbs 2/6 each
- RANUNCULUS, DOUBLE DR., RAGONERI'S STRAIN — By careful selection this new strain has been evolved, which produces flowers of enormous size in many interesting and unusual colours. In Mixed Colours only. Giant Selected Roots .. 6/- per dozen
- RICHARDIA VIOLACEA (Blood Calla)—A dwarf-growing variety, Wine Red, deepening to Purple; rare sort 2/- each
- SATYRIUM AUREUM ("Golden Satyr Orchid")—Deep Golden Yellow, a hardy terrestrial; requires shade and light soil. Stock limited 3/- each
- THE BRISBANE LILY—A White flowering bulb, suitable warm climates or greenhouse culture. Most suited as a pot plant. Give good drainage. When once established makes a fine show. 2/- each
- TULBACHIA VIOLACEA — A low-growing plant, with pretty Lavender flowers; most useful for cutting purposes, and undoubtedly one of the most free-flowering bulbs in cultivation. Cover the tuber part of bulb about an inch. No particular soil needed; give open aspect 2/- each

Four Fine "Cup" or Short Trumpet Daffodils

For Cut Flowers or Planting in Clumps in Borders.

- C. J. EACKHOUSE—Primrose, with deep orange red cup .. 3/- doz.
 LULWORTH—Pale Yellow, cup-edged Deep Red; fine .. 3/6 doz.
 MADGE MATTHEW—Large spreading Leedsi, White, with tinge
 of Lemon 2/6 doz.
 QUEEN BESS—An early Leedsi, pure White, free flowering, 3/- doz.
 Not less than six sold of above Daffodils.
 One dozen each of the 4 varieties (48 bulbs) for 10/6.

FREESIAS HYBRIDS

Some Very Fine Additions.

- APOGEE—Soft Yellow, with Dark Yellow tinge; very large, fine
 shaped flowers. Award of merit 9d. each
 APOTHEOSE—The best yet raised; large, robust flowers. Deep
 Mauve Lilac, deepening to bright Carmine Pink. Award of merit.
 1/- each
 BRONZE QUEEN—New, Bronze colour .. . 1/- each; 10/- doz.
 BURTONI—A new free flowering Giant variety, almost pure White.
 Very fine for potting and bedding. Recommended .. . 2/6 doz.
 DAFFODIL—Light Yellow and Orange, large flowers and early.
 9d. each
 DOROTHY SCHEEPER—Fine Rosy Pink, of good size and strong
 grower 9d. each; 8/- doz.
 GOLDCOIN—Deepest Orange Yellow; very rich colour.
 1/- each; 10/- doz.
 JAUNE D'OEUF—Deep Yellow, shaded Orange, exterior Brown.
 9d. each
 KATHERINE WATKINS—Buff colour; a very taking shade.
 9d. each; 8/- doz.
 MARIE L. FISCHER—Beautiful Dark Blue, long stems, strong
 grower 9d. each
 MAVIS—Yellowish White, outside Pink .. . 6d. each; 5/- doz.
 MRS. C. HAMILTON—Mauve, very large flowers .. . 1/- each
 OPAL (Iris)—A very choice variety, Pearly White, tinged Lilac.
 9d. each
 TREASURE—Enormous flowers, clear, light Yellow. Award of
 merit 9d. each
 VIOLA—Like a large Wood Violet. A beautiful distinct Deep Violet
 Blue hybrid 1/3 each

Freesia Hybrids in Mixed Colours

I have an exceptionally fine stock of IMPROVED HYBRID
 COLOURS in all shades—Fine Pinks, Red and Deep Yellow being
 prominent. For Borders, Bedding or Potting they are unsurpassed.
 Largest Bulbs, 3/6 per dozen; 12/6 for 50; 22/6 per 100.

GERBERA JAMESONI SEEDLINGS (Barberton Daisy)

The Barberton Daisy is perhaps one of the finest Garden subjects and an exceptionally fine cut flower, but is, unfortunately, seldom grown. A few hints perhaps on its simple culture required may help to make this plant more popular. The beds should, firstly, be well drained—this is most important, as Gerberas cannot stand an excess of water. Any light garden soil suits them; heavy soil should be lightened with sand or ashes, the latter for preference, and when once planted, not disturbed again. Be careful not to smother the crowns with earth when planting, and water well, until they seem to have taken root. Give an open aspect when planting. Gerberas have a fine range of colours in Orange, Red, Yellow, Purple and Rose shades, etc., and when established bloom for five to six months of the year. Plants are obtainable from September until March. Price—Seedling Plants, 6/- per doz.; 25 for 10/6. Large Plants, 2/3 each; 22/6 doz.

HYACINTHS available for 1929 Season

(S denotes Single Varieties; D, Double Varieties.)

- BEAUTY (S)—Carmine Pink. Recommended.
- CHESTNUTFLOWER (D)—Fine double Blush Pink; recommended
- CITY OF HARLEM (S)—Fine Yellow variety.

FOR CUT FLOWERS.

MIXED DAFFODILS, WATSONIAS, TULIPS, RANUNCULI, FREESIAS and ANEMONES are first class. Plant early and plant plenty. Fill up your empty Garden spaces.

A Special Line for Cut Flowers in Mixed Daffodils

For those wishing to plant rather largely, Daffodils for cut flower purposes, I can offer a very fine Mixture of several varieties in long and short trumpet Daffodils, which will give rotation of bloom from early till late season. These are all flowering bulbs, and will give fine results the first season. Price, 1/6 per dozen; 5/- for 50; 9/- per 100; 85/- per 1000.

NEW WATSONIAS

- CLARENDON PEARL—Magnificent large Wax White flowers with waved edge. A very tall variety, having giant spikes of flowers. 6d. each
- EUNICE HUNT—Late flowering. An uncommon shade of Salmon Apricot; long spikes 1/3 each
- EXQUISITE — Early flowering, long tubed and somewhat twisted petals. Colour mingles from Light Salmon to Pale Orange. 1/3 each
- JEWELL—A new Ruby Claret-coloured variety of Spicata, with peculiar twisted stems 1/- each
- MAITLAND—A fine variety of Crushed Strawberry shades; large, open flowers; long spikes; late flowering 1/3 each
- MONICA—Early flowering. Colour best described as dainty mauve Lilac and Rosy Pink shades. Broad petalled, widely-opened flowers 1/3 each
- PEACH BLOW—Very pretty Pale Pink. 9d. each.
- ROSA HOLLOWAY—Large refined flower of a delicate Pink shade. 1/6 each
-

HESPERANTHA FALCATA (Evening Flower).

This is the well-known "Evening Flower" of South Africa—from which it derives its name—producing narrow leaves, and loose spikes of sweetly-scented flowers. Pure White, with red on outside of petals. Flowers open in the evening. Plant about an inch deep in light soil. Open aspect. 1/- each.

IRIS REGELIO CYCLUS "GATESI."

I have a limited number of this variety available in nice sized tubers. Colour, Silvery White, beautifully veined. 7/6 each.

GLADIOLUS HASTATUS.

A new South African species, with Rose Pink flowers. A dwarf variety. Distinct in habit. 1/- each.

ANEMONE ST. BRIGID'S. Superb Strain.

A new strain in first-year tubers. All nuggety, heavy and healthy roots, which will produce the maximum amount of bloom, in long stems, and an extensive range of colours. This strain is specially suited for cut flower purposes, and those wanting to plant largely will find these O.K. For bedding, large clumps and borders, these will be unsurpassed. Note prices—1/6 dozen; 25 for 2/6; 4/6 for 50; or 8/6 per 100.

RANUNCULUS ASIATICUS.

"All Colour" Strain.

For those who desire to plant largely, this line of hardy, long-stemmed, free-flowering Ranunculi will be found most desirable. They possess all the known colours in Ranunculus, and the roots offered are of the finest super-quality. Plant these largely. Prices right—25 for 2/9; 50 for 5/-; 9/- per 100.

TWO NEW LACHENALIAS.

LACHENALIA "MARONE"—Deepest Maroon colour. 6/- dozen.

LACHENALIA WHITE—Fine White; entirely new. 2/- each.

TWO NEW NERINES.

FOTHERGILLI MAGNIFICA—This is the finest variety to date. Colour is intense Crimson (almost black-red), with large heads of bloom. A magnificent variety, particularly when established. 15/- each.

FAIRY—A new Hybrid. Beautiful Light Rose; beautifully marked. 7/6 each.
